NMS is a Nurol Holding Company

COMBAT PROVEN  
TACTICAL  
LIGHT ARMoured VEHICLE

# NOMAD

## 4x4

# TACTICAL LIGHT ARMoured VEHICLE

The custom-developed and proprietary design of NMS, Nomad 4x4, features a V-shaped monocoque body. Its advanced drive-train makes the vehicle fast and highly manoeuvrable in both rural and urban areas.

Its low weight and high protection features provide operational superiority and exceptional resilience against the most aggressive and asymmetric threats. A next-generation vehicle, Nomad 4x4 represents a perfect combination of weight and protection with scalable composite material armour. With its higher speed and superior protection compared to other vehicles in its class, NOMAD is well suited for special forces, Convoy escort duties and VIP protection.

A true multi-role platform, including:

- Air Defence
- Personnel Carrier
- Armoured Combat
- Reconnaissance & Surveillance
- Anti-Tank
- Single Cab Pick-up
- Double Cab Pick-up
- Radar
- Loitering Munition Launcher
- Mortar both onboard and dismountable

## General Features

- Made in UK
- Personnel Capacity Up to 11
- STANAG 4569 Scalable Ballistic Protection
- STANAG 4569 Levels of Mine & IED Protection
- Blast Attenuating Seats with 5-point Seat Belts
- Fully Independent Suspension System
- Locking Lateral (Front & Rear) & Longitudinal (Centre) Differentials
- -32°C to +55°C Operational Temperature
- Dual-Zone Air Conditioning
- Hydraulic Assisted Power Steering
- Dual Circuit, Air Over Hydraulic Brake System
- Best-in-class subsystems from NATO countries

- Gun Ports & Weapon Holders
- Run-Flat Tyres and Central Tyre Inflation System (CTIS)
- Generic Vehicle Architecture (GVA) compliant

## Optional Features

- Integration of Manual or Remote Weapon Systems
- CBRN Protection System
- Front and Rear Driver Assistance Camera System
- Low-Light Driver Assistance Camera System
- Self-Recovery Winch
- Smoke Grenade Launchers
- Searchlights & Complete Blackout Lighting
- Flashing Lights & Public Announcement System
- Electrohydraulic or Manual Rear Door
- 360° Situational Awareness Camera System
- Cabin and Engine Pre-Heating System
- Crew Compartment & Engine Compartment Automatic Fire Extinguishing System
- Customer Specific Radio Integration
- Customer Specific Intercom Integration
- Glass Protection Mesh Kit
- Military GPS and Vehicle Tracking System
